# MOVE

*Empower your people. Align your culture. Drive performance.*

## The HR-Centric Leadership & Personality Assessment Program

**By Dream Machine**

MOVE - A strategic HR initiative designed to empower, align organisational culture and drive performance. Using the trusted Myers-Briggs framework, this program helps line managers, heads of departments and future leaders gain self-awareness while providing HR departments with valuable insights for talent planning, team dynamics, and succession strategies.

Solid traction with clients like HRDC, Bank Mualamat, Khazanah, Universal Music..

**DREAM MACHINE**

# Why HR Leaders Choose MOVE

1

## Tailored for Middle Management

Upskills the critical middle layer of your workforce—those responsible for driving teams, performance, and culture.

2

## MBTI-Powered Leadership Development

Leverages the trusted Myers-Briggs framework to enhance self-awareness and equip managers with better leadership tools.

3

## Enhanced Team Dynamics

Improves collaboration, reduces conflict, and boosts productivity through personality insights.

4

## Strategic Talent Planning

Supports performance reviews, promotions, role placements, and succession planning with meaningful behavioral data.

# What HR Departments Receive

- Full behavioral reports for each participant
- Leadership insights across departments
- Team compatibility mapping
- Post-program HR summary with development recommendations

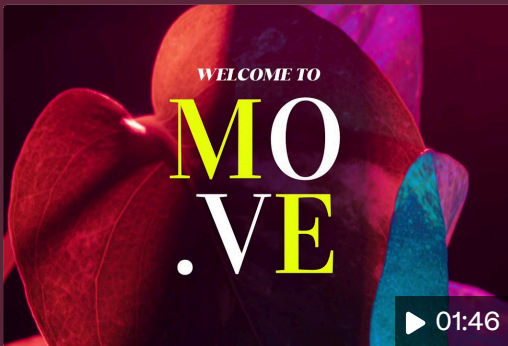

## Program Benefits

MOVE is HRDC claimable, scalable for teams of all sizes, customisable to your industry, and seamlessly enhances existing HR and L&D frameworks.

Ready to take the next step in empowering your team? We'd love to provide more information and a personalised walk-through.
